

Professional Wellness Alliance

Membership Agreement

Who We Are: The Professional Wellness Alliance is a private member community of like-minded individuals that desire to participate, learn and share knowledge of self-care and holistic health concepts.

What We Do: The PWA community enables individuals and families (regular members) to come together with PWA licensed providers (provider members) in private membership. The PWA is structured as a private membership for the purpose of establishing rules of conduct, assuring quality of services and offering service protection for PWA licensees.

Services Provided: The PWA mission is to enlighten and empower members through providing self-care education to improve health and wellness.

Services Not Provided: Providers DO NOT take responsibility for the health of any person or for the resolution of any symptom or condition, nor provide any medical service, diagnosis or treatment advice.

Membership Required: To receive services through a PWA licensed provider you must join in membership through a provider and must agree to be accountable to the member rules as follows.

1. You understand and agree that under PWA license, licensees do not provide any state regulated health related service and are not accountable to or regulated by any state health agency or board.
2. You understand and agree that records of services provided to you are available to you only, upon request as “private member educational records” and not medical records.
3. Agree that the Professional Wellness Alliance does its best to assure the integrity and competence of PWA Licensed members and while Licensees represent the PWA mission, they are independent contractors/educators that do not work for the PWA. Therefore, you agree to hold the PWA, employees, agents and affiliates harmless in all matters related to membership with PWA or a licensed provider.
4. You agree to make your best efforts to resolve any and all complaint you may have with another member with them personally and in the event you are unable to resolve satisfactorily, agree to settle any dispute or complaint through binding arbitration through a mutually agreed arbitrator only.
5. You understand and agree that any and all content available to you from the PWA and licensees, whether through websites, newsletters, writings, affiliate links or otherwise are for educational purposes only and information is not intended as medical advice.

Term and Cancellation: Membership in the PWA shall begin when you sign this agreement and shall terminate with written notice from you to the PWA or from the PWA to you. The PWA reserves the right to deny or terminate membership of any member without cause. Termination shall not waive or relieve you of any obligations or agreements made while you were an enrolled member.

By placing your signature below you hereby accept the stated membership terms and will be registered in the PWA private member database.
